

TROUBLESHOOTING

PROBLEM	SOLUTION
I can pair my earbuds to a Bluetooth device but I cannot hear any music.	<ul style="list-style-type: none">• Make sure your device supports the A2DP profile.• Turn up the volume on your Bluetooth device.• Unpair your earbuds and re-pair to the device.
The earbuds will not go into pairing mode.	<ul style="list-style-type: none">• Make sure the earbuds are off before beginning the pairing process.• Press and hold the power button until a voice prompt is heard and the LED indicator light flashes blue and red.• Check that the earbuds are charged.
My Bluetooth device is unable to pair with the earbuds.	<ul style="list-style-type: none">• Keep your earbuds and Bluetooth enabled device within 3 feet of each other during the pairing process.• Check that the device's Bluetooth feature is turned on and try repeating the pairing process.

- Net Weight :400g

FUNCTIONS

1. Volume +
2. Multi-function button
3. Volume -
4. LED
5. MIC
6. USB charging port

OPERATION

Power ON: Press and hold the power button until the blue LED is on.

Power OFF: Press and hold the power button until the red LED is on.

Pairing: Press the power button and the unit will automatically enter pairing mode. The LED indicator will intermittently flash red and blue. Now look for and select EBT6 on your Bluetooth device's list of available devices. If the LED indicator is slowly blinking blue, the pairing process has been successful. To pair a second device, turn the earbuds off and repeat the pairing process. Please note you may only use one connected device at a time.

Volume control: In music or hands-free mode, press the Vol+ button to increase the volume or press the Vol - button to decrease the volume.

Skip songs: In music mode, long press the Vol+ button for next song or long press the Vol - button for previous song.

Pause /Play: Press the multi-function button to pause or play the music.

Answering ending calls: Press the multi-function button once to answer incoming calls or to end the conversation.

Rejecting calls: Press and hold the multi-function button for 2 seconds to reject incoming calls.

Redial: Double press the power button to redial last dialed phone number.

Battery level: When the unit is on press the Vol+ or Vol- to check the battery level.

Voice dialing: In hands-free mode, press and hold the multi-functional button for 1 second to activate voice dialing. Please note, your Bluetooth device must support voice dialing.

LED INDICATOR

Low battery: A blinking red LED indicates low power. Please charge the earbuds soon.

Charging: A solid red LED indicates charging is in progress. A solid blue LED indicates charging is complete.

Pairing: When the LED intermittently flashes red and blue, the earbuds are in pairing mode.

Bluetooth: A slow blinking blue LED indicates that a Bluetooth connection has been established. A fast blinking blue LED indicates that the Bluetooth connection has been terminated.
