Vol+/Vol-: short press the Vol+ or Vol- buttons to control the volume.

Previous/Next track: Long press the Vol+ or Vol- buttons to skip to the next or previous track.

OPERATION

Voice prompts

1. When the earbuds are powered ON: "Power on".
2. When the earbuds are powered OFF: "Power off".
3. While in Bluetooth mode, when pairing is successful: "Connected".
4. When the battery is low: "Battery low".
5. When a call comes in you will hear the caller's number.

Pairing

1. For initial pairing, please make sure your phone is within 3 feet (1 meter) of the earbuds.
 2. To initiate pairing mode, press and hold the MFB for 3 seconds. The LED indicator will intermittently flash red and blue. Pairing mode will last for 2 minutes.
 3. Look for and select "RockSport" on your phone's list of available devices. If your phone requests a pin, please use 0000.
 4. Upon successful pairing, the LED indicator will flash blue.
- If pairing is unsuccessful, please repeat the pairing procedure.**

Connecting multiple devices

To pair a second device, turn the earbuds off and repeat the pairing process. If you are listening to music on the first phone and wish to switch to the second phone, simply turn off the music function on the first phone and turn on the music function on the second phone.

Please note you may only use one connected device at a time. While two devices are connected, some headphone functions will be restricted.

OPERATION

Charging

These earbuds feature a long life 110mAh Lithium-ion polymer battery. Please be sure to fully charge the battery before you use the earbuds for the first time.

To charge the earbuds, simply follow this procedure:

1. Connect the included micro USB cable to the earbuds. Connect the other end to a computer or AC adapter (not included). Charging voltage is 5V/1A.
2. While charging the LED will be red. Once the unit is fully charged, the LED will be blue.
3. The unit takes 2 hours to be fully charged.

Please note, when the battery charge is less than 3V, there will be an audible alarm and the earbuds will power off.

TROUBLESHOOTING

PROBLEM	SOLUTION
I can pair my earbuds to a Bluetooth device but I cannot hear any music.	<ul style="list-style-type: none">• Make sure your device supports the A2DP profile.• Turn up the volume on your Bluetooth device.• Unpair your earbuds and re-pair to the device.
The earbuds will not go into pairing mode.	<ul style="list-style-type: none">• Make sure the earbuds are off before beginning the pairing process.• Press and hold the MFB until the LED indicator light flashes blue and red.• Check that the earbuds are charged.
My Bluetooth device is unable to pair with the earbuds.	<ul style="list-style-type: none">• Keep your earbuds and Bluetooth enabled device within 3 feet of each other during the pairing process.• Check that the device's Bluetooth feature is turned on and try repeating the pairing process.
Should you need further technical assistance please call our technical help line at 1-646-758-0144, Monday through Friday, 9am to 5pm EST.	

WARNING

These earbuds use a built-in rechargeable battery. Please do not attempt to remove the battery as it is dangerous and may cause irreparable damage.

Please be sure to only use the included charging cable. Make sure that the charger provides 5V/1A or less. If the current from the charger is greater than 5V/1A, it will permanently damage the earbuds.
